

YASH TODANKAR

Information Technology Undergraduate

• 📞 +91 73040 44344 • 📍 Khar East Mumbai-51 •  [Linkedin](#) •  [Github](#) • 📧 todankaryash971@gmail.com

OBJECTIVE

Data-driven and analytical Computer Science student passionate about extracting insights from data to support decision-making. Eager to apply statistical, programming, and visualization skills in real-world projects and contribute to impactful data solutions.

EDUCATION

B.E in Information Technology
Rajiv Gandhi Institute Of Technology

📅 2022-Present

Sathaye College (CLASS XII HSC)
Mumbai, INDIA

📅 2020-2022

SKILL

Languages : Python

Database: mySQL

CS Fundamentals : OOPS, DBMS

Tools & Platforms : VS Code, GIT

PROJECTS

AI-Powered Interview Simulator

- Developed a web-based platform using FastAPI (Python), SQLite, and JavaScript that simulates real-time technical interviews.
- Implemented user authentication (JWT), a dashboard, and interactive AI-driven Q&A sessions to help students practice and improve their interview skills. Integrated both frontend (HTML, CSS, JS) and backend (FastAPI, SQLAlchemy) with secure login/register system and a responsive UI.

CERTIFICATIONS

Python : Udemmy

mySQL : Apna College

EXTRA CURRICULAR ACTIVITES

- Vice President, Department Committee – Coordinated student events, workshops, and technical fests, fostering collaboration between faculty and students. Led a team of peers to organize academic and cultural activities, improving participation and leadership visibility.
